RE: Priority filing date

As per my telephone conversation with Celine Faust, the priority filing date was incorrect at time of filing. The agent of record realized the error only because they were due to enter the National Phase on December 16, 2005 but as the priority date was indicated as June 06, 2003, the due date in the Canadian National Phase was December 06, 2003.

The agent wanted the Receiving office to correct the matter with WIPO so that the application can be republished with the correct priority filing date of 16 June 2003 (16.06.2003) and not 06 June 2003 (06.06.2003) as indicated in the request at time of filing the international application.

Please see enclosed form RO/111 correcting the date and also the cover page of the patent application.
